# What is a forum? What is a rep?

A forum is 'a meeting or medium where ideas and views on a particular issue can be exchanged.' We hope to make sure all youth members have the opportunity to have their say and share ideas amongst peers.

A county rep is a youth member who represents all the youth members of their section in the county. They share ideas and feed the necessary information back to the youth of the county. They also help with the planning of some events. County reps can then go on to run to become a national rep. For more info please see the link below :
